Col EME (Trg)
Dte Gen of EME (EME Trg)
MGO's Br, IHQ of MoD (Army)
DGQ PO, New Delhi - 11**

1. I have been allotted Professor SE AK Panda as the military co-guide for my ongoing Master of Technology programme in Mechanical Engineering, vide MCEME letter No 30101/PG/Trg-8 dt Nov 2025.
2. My MTech project is related to swarm drones. I respectfully submit that the project requires close integration of mechanical design with autonomous behaviour and system-level development. I have been working on similar concepts under Colonel Hari Om Ahlawat (Simulator Development Division), and have gained a foundational understanding of the domain through this association.
3. The Simulator Development Division has prior experience and an established knowledge base in swarm-related technologies. Collaboration with SDD will provide me with the necessary technical environment for trial work, refinement, and validation of concepts. The continuity of guidance under Colonel Hari Om Ahlawat will therefore be of direct benefit to the project's progress and quality.
4. In view of the above, I request approval for changing the military co-guide from Professor SE AK Panda to Colonel Hari Om Ahlawat for the duration of my MTech project.
